You'll Do Better at

Featherman & Sumberg's.

IT QUICKLY PAYS FOR ITSELF.

Within one year from the time you buy a McDougall Kitchen Cabinet, you will have your money back in dollars and cents.

The McDougall saves kitchen supplies, saves the housewife's health, gives her time to do other things, -- in short affects the entire management of the home.

In addition to this saving, think of her added enjoyment of life, with her kitchen work made twice as easy and done in half the time.

The genuine McDougall costs about the same as other cabinets; but it is immensely superior in every way--workmanship, finish, convenience, and durability. It lasts a lifetime and gives a kind of service that you cannot obtain in any other. Prices,

ADVENTISING.

THE DAILY COURIER has double the sirculation of any ether daily newspaper in Fayette councy or the Conmelisville coke region and it is better distributed for the general advertiser. It is the only paper that presents each week sworn statements of circulation.

THE SUNDAY COURIER fills in the seventh day for the daily edition. It speaks for itself. It is a big local paper with all the telegraphic news of the world and all the up-to-date features of Sunday journalism. The Daily and Sunday completely cover the advertising field with a circulation approximating over \$5,000 weekly.

THE WEEKLY COURIER is the orman of the Connellsville coke trade and one of the newsless tweeklies in Fayette county.

THE WET BEER CLUBS

OF AN ALLEGED DRY TOWN.
The Washington Reporter has early and late advocated Prohibition, but thas more than once been obliged to confess that Prohibition is impotent now, but on the water line just to confess that Prohibition is impotent now, but on the water wagon never,

mowledgmont:

If there is one institution which should receive the attention of the hew Civic League of Washington it is the beer club. As an institution for the demoralization of young ment is not surpassed by the saloon. The latter has some restrictions thrown about it. The club has none. If the club ware confined alone to non-saloon lowns, we might regard the saloon as the choice of two evils; but a county if the club country infect informs us that the saloon towns have more of these clubs than the non-leaned towns.

The Civic League should flut some they care the support of the service of the country infect informs us that the saloon towns have more of these clubs than the non-leaned towns.

The Civic League should flut some they care the support of the streets are not the support of the streets are not the support of the streets are not support of the support

The Civic League should find some way to put a stop to this club evil. The clubs are located in small shantles in houses in many parts of the town and here drink is served, principally beer, to all the members. And anyone can become a member if he pays his ahare of the expense. The social feature of these clubs is beer drinking. They run all hours of the night and Sunday is their big day.

In its deep despair, The Reporter characterizes these beer clubs as hell holes and calls upon the women to form Carrie Nation clubs and destroy them. The

clubs and destroy them. The work is hardly proper for women. The Reporter is ungallant. If it is necessary to use violence in the work of destroying these "hell holes," the men and not the women of Washington should do it.

The "county officer" who informed The Reporter that beer clubs were more common in "saloon" towns than in no-license towns was badly informed himself. His statement is quite the reverse of being accurate. It is an open and notorious fact that the beer club flourishes in the dry town.

The reason for this is obvious. It's a dull man, indeed, who can't see it.

As a matter of fact, these sinks of injouity are the legitimate results of Wushington's anti-license policy, and the "saloon" is "the choice of two svils." The Brooks law, properly enforced, means moderation; Prohibition, impossible of enforcement, mean "hell holes."

JUDICIAL AND EDITORIAL

QUALIFICATIONS.

The Unioutown Herald is determin-

sd to be dissatisfied with Judgo Reppert, both as a Uniontown citizen and Judgo Reppert, but has a Uniontown citizen and Judgo Reppert, in addressing the Connellsville Young Men's Christian Association Thursday night, declared that Uniontown in its Young Men's Christian Association movement, as in many other things, was following the lead of Connellsville. At the present juncture the Judge appears to be quite partial to Councilsville. If he is so disjoined to the Connellsville in the solution of the Connellsville fans could give Solomon pointers in baseball wisdom.

The Harrisburg statesmen seem to think everything needs regulation by lugislation.

Pilot Ropsevolt appreciates the dangers of the Third let in rouk, and there is no reason to think that he is going to make the could give Solomon pointers in baseball wisdom.

The remarks of Judge Reppert be-trayed a fair and impartial mind. He stated nothing but the truth. The observations of The Herald disclose a secided bias against both Connellsville and Judge Reppert.

A newspaper, like a judge, should be fair and impartial. One that is not never commands the confidence or the respect of the people.

NO TRIMMINGS ON STATE AID ROADS.

siand.

The contracts for the permanent roads being built by State aid are generally awarded to city contractors.

The home builders seem to fight as shy of them as the average bidder did of the State Capitol schedules, which they couldn't understand and which were made for them to misunder-

Yet many of our local contractors are just as competent to bld ou and to build these State-aid highways as no reason why they should not have their full share of this work. There are no "trimmings" on the roads. The specifications are drawn up fairly. Any intelligent contractor can bid on

them with perfect safety.

The statement that the State High-

is a natural Democratic or mugwum;

The evildoer to ever suspicious. The Democratis have sweet memories of the old Democratic Gazal Ring and the golden graft and political power that flowed through its muddy banks and covered Pennsylvania with its Demoeratic influence.

The Republicans have no designs on this ancient copywright.

The Morgantown Chronicle will have a change of editors. Editor Hugh Maxwell has accepted a position in the Forestry Commission at Washington City. I'lls place will be supplied by D. M. Green of the New Haven (Conn.) Registor. The change will take place shortly. There is no State in the Union wherein the chief is like place shortly. There is no State in the Union wherein the chief is locarnors were coltors. Polical preterment seems to follow the pen in the Mountain State. Here in Pennsylvania, the editors are either too poor or too modest or both to enter politics; or, what is infinitely worse and yet mote common, too timin to vigorously express their aphicias editorially, and consequently too important in their influence to receive consideration at the lands of either politicians or people.

The Fayette county declors at their ast banquet discussed the germandizing of their patients. Physicians heal courselves.

It is charged that the Uniontown baseball fons have a habit of playing the games out betere time is called on the diamond. Anticipation seems to be a Uniontown characteristic. Some of the newspapers there have the habit of declaring election results before the people have had a chance to vote.

Pennsylvania parted with another section of West Virginia this week.

The statement that Senator Knox will take up a permanent residence at alls country home near Villey Forge in order to open the way for a Western Fennsylvania candidate against Senator Penrose is puzzing in view of the fact that Stuntor Penrose is said to make Senator Knox a candidate for messed Senator Knox a candidate for President. Perhaps Senator Penrose vants to get Senator Knox out of his Senatorial balliwick by placing him in the Presidential chair. It's a great game of perhaps the press is playing.

The bulls and bears of Wall street

Connellsville cleans her streets at night and this excellent plan should be copied as far as possible by people when clean their sidewalliss with small hose. Many such people insist upon doing so in the attennoon when the streets are crowded most, to the great distress of ladies passing by, some of whom have their tien rowns begoattered by earch ladies passing by, some of whom have their 'lean gowns bespattered by earc-less or indifferent bose-manipulators. Such work should be done in the early hours of the morning or late in the evening, when travel is light.

Merchant Boulas of Uniontown is playing hide-and-seek with the law.

The doctors and the undertakers meet at the same time but not at the same place. They should amulgmate their associations and join their joys

The nation was a long time honor-ing "Little Mac," but the recognition was thorough it it was tardy.

The baseball season starts out hope-fully for Connelisable and desp tiringly for Unlantown, but it's a long lane with many turnings and passing points. One thing is evident, namely, that Berson-town-on-the-Pike hasn't all the sport-ing blood of Fayette county.

The Walled City of Fayette has a soom and will soon have a trolley line.

Uniontown complains of chicken thieves. The good ministers up that way have enough trouble on their hands without such fowl play.

PURE BLACK CAMEL.

Cole Brothers Claim to Have the Only

One on Exhibition.
With Cole Brothers' World-Toured
Shows, which will exhibit in Connellsville on Tuesday afternoon and even leg. May 7, in connection with their many other strange animals is the only pure black causel on exhibition. Not only is this camel a rarity on account of its black color, but also of its gigantic proportions. Of such extreme rare value is this animal that Cole Brothers have a standing offer of \$10,000 for any other show that can produce its equal. "Black Jumbo Sahara" is the name of this tower-ing ship of the desert.

In Egypt, where the agents of Cole Brothers discovered this collosal camel, it was such a rare animal that the natives did homage to it and it was as sacred to them as any of their strange ides to which they kneeled in worship. They believed that in this camel was embedded the spirit of some departed dignity or them in the camel form. The camei

ans not allowed to perform any labor and was attended to constantly by na-tives selected on account of their bigh charch standing. Its robes and trap-pings were of the finest slike and velvets highly bejoweled and no royal personage over received as much care and attention as did this huge came).

When the agents of Cole Brothers' Shows made overtures to purchase this gigantic black camel, they narrowly escaped violence at the hands of the families, it was only by the intervention of the American minister at Cairo that the agents escaped and later through the same channe' ed. Even when the deal was closed a clause was inserted in the bill of Trains—Local and Personal Men-sale that when the cancel died its tion of Big Somerset County Town. bones would be returned to Egypt for burlat. BLAINESBURG.

An Ideal Town Location Along, the Monongahela River--- Watch Blainesburg Grow,

Blainesburg is fifty-two [52] miles south of Pittsburg, on the Monongahe-la river, opposite Brownsville, Pennsylvania.

Blainesburg occupies the central location in the four counties [Payotte, Greene, Washington and Westmore-land] which have a virtual monopoly

on the world's supply of colding coal.
The coke industry, just in its infancy, is today the most profitable branch of manufacturing. That the coke industry will rapidly become more profitable is proved by the facts or the limited supply of suitable coal of proper quality for making coke and by the increased use of steel in new buildings, bridges, electric lines, etc. The four countles which have a mon-opoly on the world's supply of coking enal and which surround Blaineshurg contain millions of acres of this val-uable coal which is worth, when marketed, upwards of \$10,000 per acre.

Bluinesburg has been particularly favored by Nature in location and situation in the centre of this vast wealth, and the facilities for transpor-tation and distribution by river and five railroads all combine to make real estate values at Biainesburg increase with rapidity. Lots have multiplied in value the past year and are selling anidly. Blainesburg offers opportu nities for the merchant, the mechanic, the laborer, the professional man and the investor.

O DREAM OF A HOME is to have one. To think of Aaron's is to have a dream of a home. The sheet anchor of your peace is a home, and the men and women who have none have never visited Aaron's. It is our business to make homes for people who want them and to show the way to those who think they cannot afford them. It is our business and pleasure to lift the burdens of salaried people by a system of credit which has

no bad after-effect, and which guaranteed to every purchaser Full Value for Every Penny Spent even though ill-fortune may step in between times. Our method is broad, liberal, dignified and wholly desirable, and differs materially--for the better--from the credit ideas advanced by other stores. We live well ourselves, we want others to live well and will give them the same treatment and terms as we would expect were positions reversed. In other words we follow the Golden Rule in business, and there are hundreds in this community who will confirm all we have said. Rouse your: selves and get a home of your own and live as human beings ought to live Come to us. We will show you how.

GOING UP IN PRICE THE BRADDOCK GOLD MINING & MILLING CO.

STOCK IS SELLING FAST.

And in a very short time it will be double the present price of 20 cents per share. The price of this stock, unlike that of many mining propositions, is not watered or inflated in the slightest degree. The par value of \$1.00 per share would not be an unreasonable price to pay for it.

THINK OF IT! When ore taken from the mine at a distance of only 200 feet in the tunnel being driven, assays as high as \$700 worth of gold to the ton; what can be expected when the main body of ore is reached? The answer is plain. Thousands of tons of the richest grade gold ore will be mined and every shareholder of the Braddock Gold Mining and Milling Company will reap a fabulous profit on their stock.

This is your opportunity to make big money

With an investment of only a small amount of cash. Can you afford to miss it? You are taking no risk. when you put your money into this proposition, as the affairs of the company are controlled by business and professional men of Braddock, Pa., whose standing is the very highest.

IUST A WARNING

Not a great amount of money is yet needed to push developments and judging from the splendid sales of stock made in Connellsville and vicinity last week this will soon be secured, then WATCH THE PRICE OF STOCK GO SKYWARD.

Terms: 20 Cents per share. One-fifth down and one-lifth per month until paid.

Read this Letter of Recommendation from the President of the First National Bank of Braddock, Pa.

Braddock, Pa., Nov. 19, 1906. To Whom it May Concern

I desire to say that my opinion of the Thunder Mountain district of the Braddock groupe of claims is that they are highly worthy of construction by anyone seeking a good investment. The district has been only dightly de-veloped and within the last two years has been forging to the front, and from best information obtainable several adjoining properties are working in fine one bodier, showing its future most promising. From information I most promising. From information 4 deem most is liable the showing in the Braddock groupe of claims will be equal to any of the strikes yet made and will prove a good investment.

Respectfully,

James T. Russell.

When You Get Your Pay

What do you do with it? "None of your business", do you say? Perhaps that's true, but let us at least winsper this in your ear: The man who, when he gets his pay, stops at every store on the street, never going near the bank, will always be poor. It's only the part of wisdom to patronize the bank as well as the stores when you get your pay,

Our Millinery Department is headquarters for style and beauty in ladies headwear. Then, too, our pieces are so low. We do not figure as to how large a profit we can sell these goods for, as is customary with some of the "would-be swell" stores, but we figure how we can build hats in stylish shapes and frim them with best materials at as low a figure as possible. We call special attention to our line of tummed hats at \$2.99 and \$4.99. They are beauties and are easily worth double the price we quote you. Then, too, we have a remarkably beautiful line worth \$25 00 each, which we quote you at \$998.
